

BUFFALO CITY MISSION

BUFFALO, NY

OUR ROLE:

Owner's Representation

PROJECT DESCRIPTION:

McGuire was selected to oversee the demolition and reconstruction of the Buffalo City Missions current shelter, located at 100 E Tupper Street, Buffalo, NY 14203. The new site is to be scaled at 75,000 SF. City Mission retained McGuire Development as Owner's Representative for the project, with Carmina Woods Morris as architect and RP Oak Hill as Construction Manager. This revived site will allow the Buffalo City Mission to upgrade all of their client services and provide upgraded services to the underserved homeless population in need. This initiative is matched with the overall vision of the organization, to restore hope to the homeless of Western New York, and complements their new state-of-the-art Women and Children's Shelter.

McGuire is currently facilitating the design, construction, and fit out of the new Medical Clinic, Mental Health Services, Recuperative Care Unit, Transitional Housing, Emergency Shelter Space, Partner Agency Service Access, Case Management, Meals, and Clothing Pantry.

SCHEDULE:

2018 - Presently Ongoing

RESULTS:

Mobilization on site began the week of September 2, 2018 and construction is ongoing until the end of 2020.

McGuire was selected for the project based on its experience, its organizational capacity, and the broad resources available as the area's leader in Owner Representation services.
